sophistication

Switch to the pLandscape Mode

Innovating in the construction and decoration market.

Through modern, updated machinery and qualified labor, we create products aimed at the civil construction and decoration areas. Today we operate throughout the national territory and in more than 14 countries.

Our products serve both residential and corporate environments: storefronts, offices, restaurants, stores, clinics, etc.

We focus on building products with extreme functionality. We offer technical support, guarantee the durability and quality of our products.

Perfect for indoor lighting: LED channels

DIFFERENTIALS

You know that fame: RIPADO PANEL is an expensive product and difficult to install! We broke this taboo and innovated in the market. We develop modular slatted panels ready to install, using fittings, double-sided tape and glue. Our slats do not have the crease mark of the board tape (there is no shadow) making the aesthetics even more beautiful.

- Quick assembly with installation manual
- Easy transport in boxes of approx. 1m2
- Affordable price and available nationwide
- 5 year warranty
- Largest coverage area on the market

• Adaptable to curved walls and without square

2 types of finishing bar

The bar is a conclusion to give refinement according to the customer's choice. It can be used on the panel in a half wall, bed headboard, among others.

SLATTED PANEL

METALLIC SPACERS

Aiming at greater versatility, we now have the possibility to differentiate the color of the clapboard with that of the spacer, allowing a multitude of color variations to suit your environment.

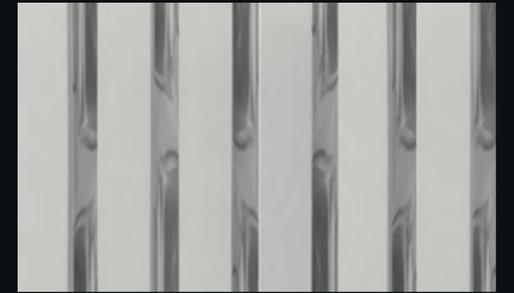

MIRRORED GOLD

SLATTED PANEL

TRADICIONAL or ULTRA Line

The prestigious Ripado Panel with the best-known fitting system on the market: JUST SNAP AND GLUE.

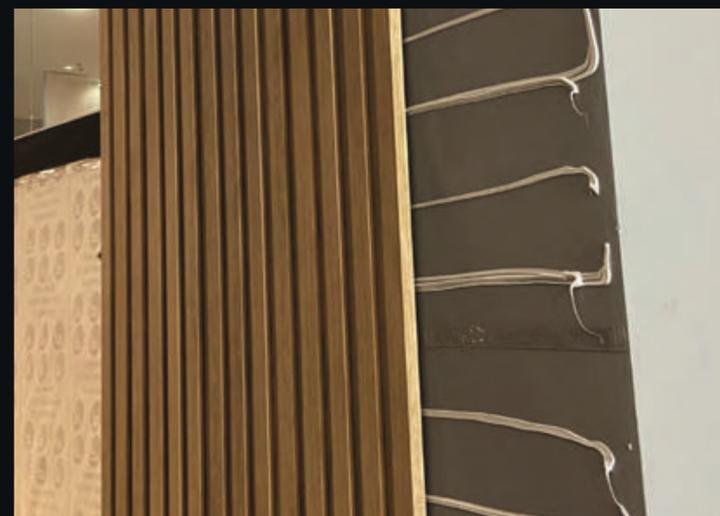

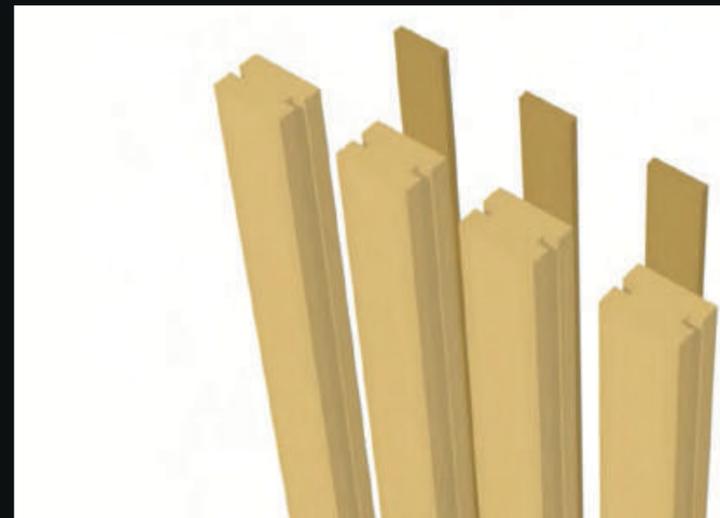

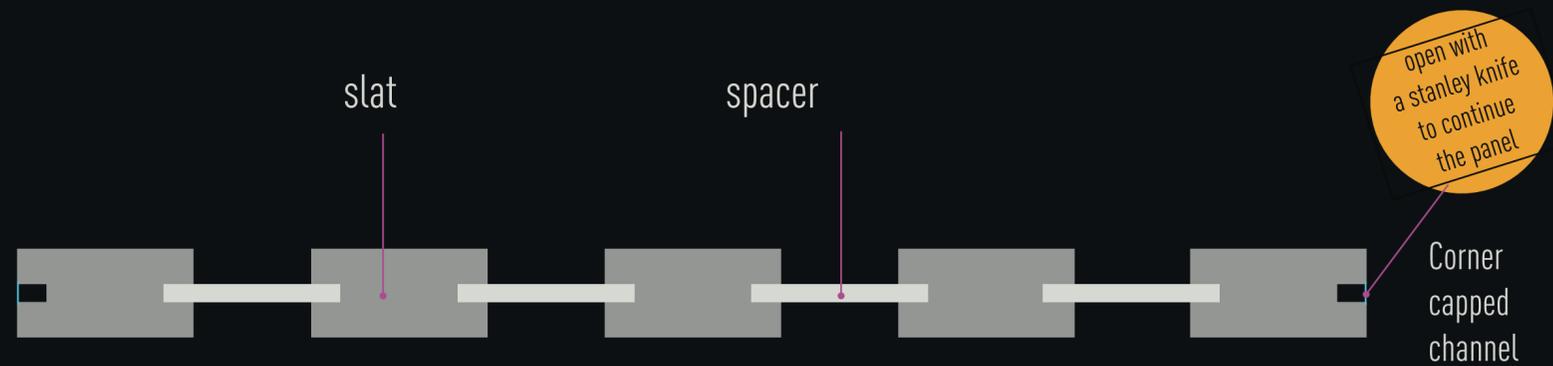

The two lines are the same in design, technology and finish, only differentiating the material chosen: water-resistant MDF that resists air humidity and the action of termites or common MDF.

BREEZE PANEL

Breeze is a slatted line that works as a partition of environments, creating an attractive space.

We have 3 installation options: with guides on the base and ceiling, without the guides (only the slatted) and with pivoting pin. Translucent wood can also be used to pass internal lighting with LED.

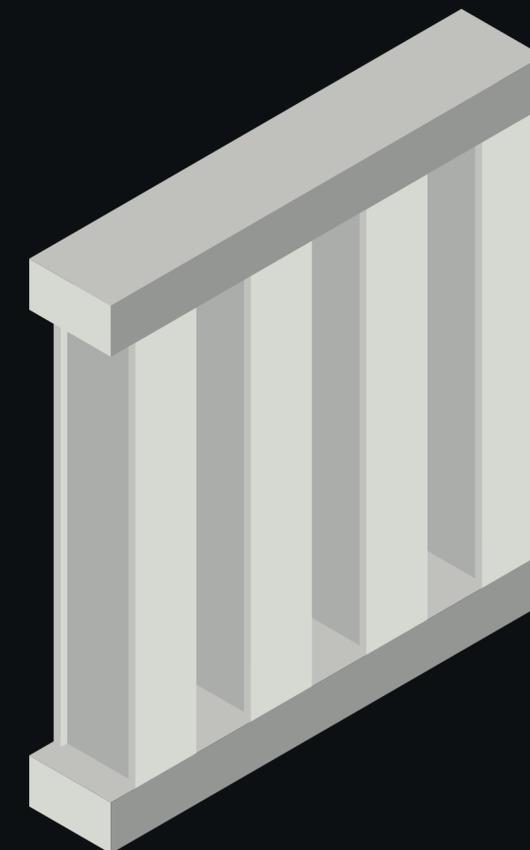

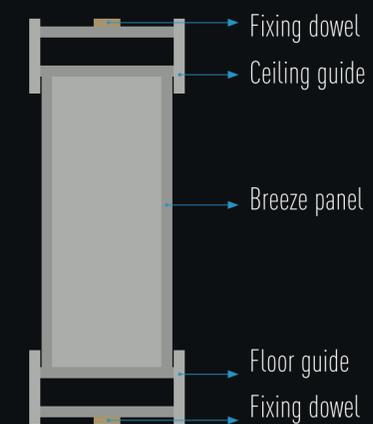

Option WITHOUT ceiling and floor guides

Breeze mounted column - top view

Option WITH ceiling and floor guides

Mounted guide - side view

BREEZE Panel

pergolas or creative and refined partitions

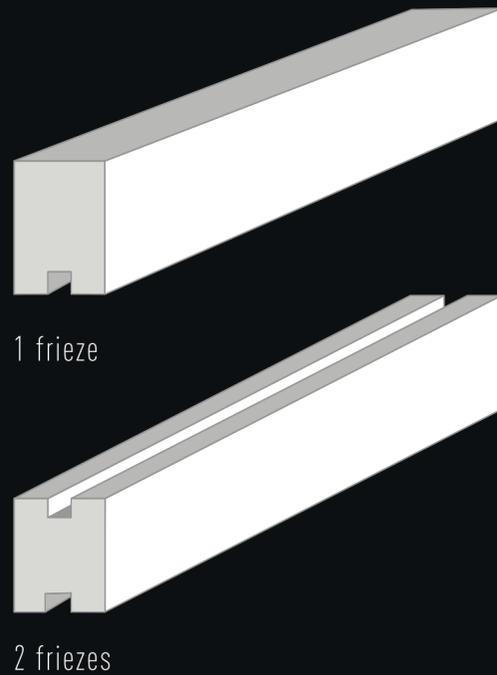

PANEL WAINSCOTING

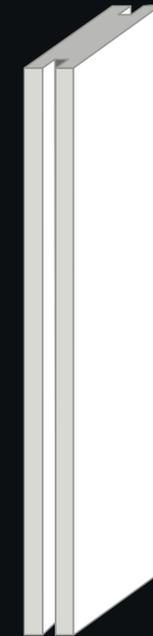

Another practical and simple product.

A panel with multiple functions and infinite customization possibilities, made up of plug-in blocks. Ideal for home and office decor or elegant headboards.
