

**WATER RESISTANT**

Build with water-resistant technology to protect your laminates from the water damage.

**HIGH IMPACT RESISTANT**

High impact resistant as per EN 438 standards.

**WEAR RESISTANT**

These laminates are wear resistant due to surface coating that is applied to the laminate to extend the lifetime of your surface.

**ANTI BACTERIAL**

Inhibits growth and spread of bacterial colonies.

**STAIN RESISTANT**

Excellent stain, fade resistance and easy care finish.

**HEAT RESISTANT**

These laminates are impregnated with special resins that make them difficult to ignite and thus aren't easily flammable.
