

# Lūvih™

LUXURY, BEYOND THE ORDINARY

haute matte surfaces from the house of **MERINO**

# Touch The First Sense

These Haute Matte surfaces have a satin smooth finish that gives them an irresistible charm.

Luvih Surfaces are engineered with the Finguard Feature that makes them fingerprint resistant, so you can cherish every bit of your space.

# Lūvih.

The world of Luvih contains fascinating elements that serve as an inspiration for beautiful interiors.

The pristine aqua of rare springs, the aging texture of fine woods, the voracious fires, the fertile earth, the gleaming presence of precious metals and the quintessential winds - all complete this gold dust setting of magnificent nature.

These elements stimulate our latent desire for the less ordinary and serve as luxury, a fitting ode to our latest offering.

A perfect muse for this artistry.

# Luxury, beyond the ordinary.

Etched in time, Lūvih revisits an ancient Indian language - Sanskrit. Literally meaning beauty, Luvih reminds us of the eternal charm of Ancient India yet embodying a spirit that's modern and free of time. Hold your breath, as Luvih takes you to a world like never before.

A world of timelessness, beauty, limitless imagination and luxury, well beyond the ordinary.

# OneTone

by Lūvih

Onetone series comes in a unique combination of high-quality decorative laminates and homogenous solid colour core. The uniformity in colour of the core and the top makes it an ideal choice for shelves, cabinates, tabletops, countertops and more. The consistent look lets the beauty of solid colours flow seamlessly and no dark edge.

# Why Luvih?

## Haute Matte

Luvih surfaces offer low light reflectivity, thereby making it an extremely matt surface.

---

## Satin Smooth Touch

The soft and gentle premium touch adds an irresistible charm to your decor.

---

## Fingerprint Resistant

Engineered with the Finguard Feature, these surfaces are highly resistant to fingerprints and oily smudges.

---

## High Scratch Resistance

Luvih Surfaces By Merino Are Designed To Resist Scratches, Remaining Aesthetically Appealing For Years To Come.

---

## EZ Clean

Superficial Micro scratches on Luvih surfaces can be easily removed with a wet cotton cloth or melamine foam.

## Disclaimers:

- Luvih surfaces should not be cut directly upon, and it is strongly recommended to use a chopping board for the same. Deliberately using a sharp or pointed object like knife with force can damage the surface and should be avoided for durable product performance.
- Hot vessels direct from the burner should not be put on the Luvih Surface.
- Luvih Surfaces can be offered in below post-forming radii:
  - o White and off-white- 9R
  - o Rest of the designs- 6R
- The performance of the product is dependent on the machinery and the process employed by the user. Merino recommends product trial to be done before full production for optimal results.
- Actual Design & Colour of the full sheet may vary when viewed in digital format. The sample swatch is a small part of the whole design hence not a true representation of the full sheet.
- Luvih and Matt Meister are premium matt surfaces, but due to different production technologies, the product properties and colors are different. There will be a slight shade difference between Luvih and Matt Meister design.
- Tough whitish oily stains on the Luvih surfaces should be cleaned first with warm water and soap. Dry the surface and then clean with Melamine Foam to make the surface fully cleaned.

## Conditions:

This warranty shall not apply to defects or damage arising from any of the following:

- Accidents, abuse or misuse, wear & tear, vandalism, exposure to extreme temperature and humidity. This warranty shall not apply in case of alteration, cosmetic issue, neglect or change of installation site. After the completion of installation, Merino Industries Limited will not be liable for such damages. However, suitable replacement can be provided by Merino Industries Limited at an appropriate cost.
- Any surface which becomes defective during the warranty period because of faulty material will be replaced by Merino Industries Limited upon mutual assessment of the damage.

### Limited Warranty

Merino Industries Ltd is pleased to offer one year of warranty for Luvih and declares that the product will conform to the specifications stated in Test Data Sheet.

# Cleaning the Luvih surface

Always use Melamine foam to clean your Luvih surfaces

Melamine foam is a magic foam that can clean or remove otherwise "uncleanable" external markings on the Luvih surfaces. These are foam like materials that are safe to be used in homes & are highly recommended to clean micro scratches on the Luvih surface. Rubbing with slightly damp melamine foam can also remove crayon, marker pen, grease marks etc. as well.
